

Barton Brook

Service Fee (On Farm): Contact For Fee

Sire: Cambridge Escalibur

Dam: Barton Bellissima

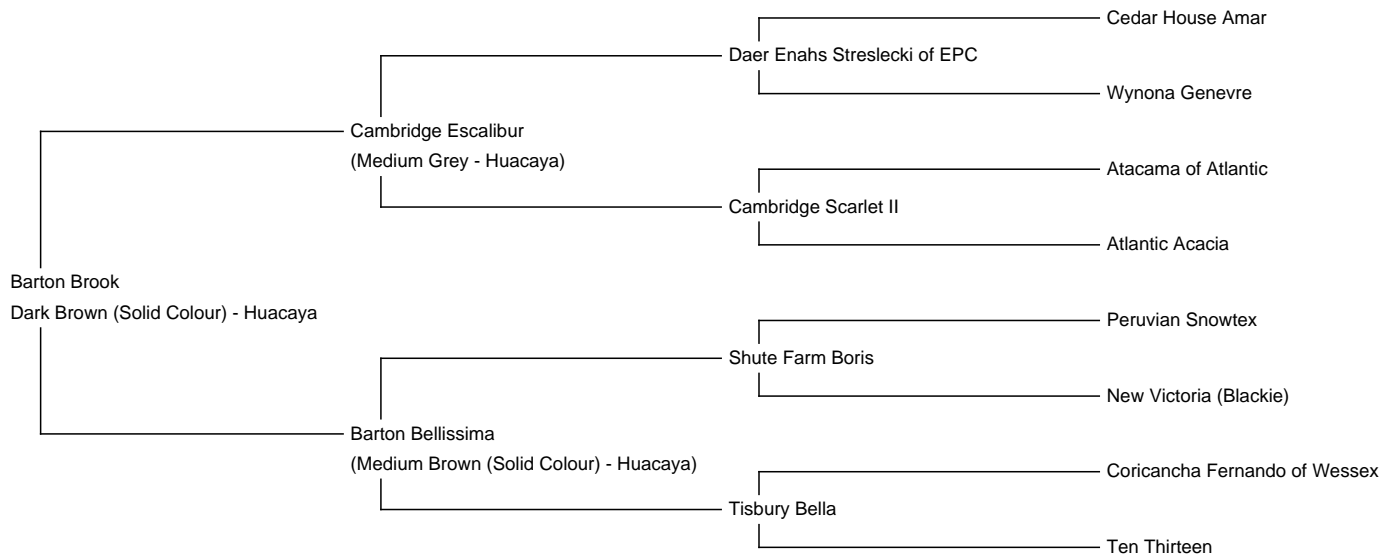

Breed Type: Huacaya

Colour: Dark Brown (Solid Colour)

Registered With: British Alpaca Society, UKBAS37971

Blood Lineage: Australian / Peruvian

Date of Birth: 11th September 2018

Description:

Brook is a keen young stud male with high quality grey and black genetics in his bloodline. He has sired four progeny to-date: two mid-brown males (from fawn dams), a dark brown female (from a fawn dam) and a white female (from a white dam). Two of these are available for inspection at the farm in Somerset. More photos are available on request.
