Description:

Eagle is an impressive young male. Conformationally he is correct in his proportion, balance and movement. His fleece displays great density, it is well aligned and very bright. He exhibits uniformity in micron across his blanket and through into his extremities.

Eagle's sire is Snowmass Velvet Voyager of ARW and his dam is Snowmass Royal Accoyo Serenity of ARW, who both carry fantastic pedigree lines.

Eagle only started working last year, and already has several females scanning pregnant to him, so we are really looking forward to welcoming his first progeny in 2023.
