Description:

New Black Genetics for 2024!!

Lane House Stormzy is an exceptional true black male. He is a real standout male for us. His fleece is exceptionally dense, fine and uniform both in colour and micron. He has a beautiful high frequency crimp style which carries throughout the blanket and into his extremities. He stands on a strong compact frame with excellent substance of bone and fleece coverage.
Stormzy is an exciting completely new black line for the U.K. Sired by our Australian Import - Kurrawa Legends Bandido out of our best brown female - Houghton Masterpiece.
His first cria arrived in 2022 and we are not disappointed by the results. Exceptional quality throughout the colours -

(Black,Grey, Brown & Dark Fawn)
80% of his 2023 progeny have made it into our 2024 show team.

This male has made a huge impact advancing our darker coloured breeding program.
