(taken on June 1 2022 at 2 Years of age)

Fibre Testing Authority: Art of Fibre

Description:

Patou Archer is the culmination of several years of breeding here at Patou.

Archer is a beautifully balanced male with a strong solid frame a deep wide chest and a super head style.

On this frame Archer packs in a huge amount of fibre. He is very dense, fine, bright and very organised with excellent uniformity of colour and micron.

His sire Patou Snow Goose (a multiple Champion) retains a 23 micron fleece at the age of 7yrs.

Archer's mother, Patou Willow is a black female with Van Diemen Qjori of Patou as her sire and Lillyfield Jack of Spades as a Grand Sire.

Snow Goose has produced mainly dark colours when put over dark females and we feel with this extra layer of black in his pedigree that he will produce colour.

Archer has his first cria due to hit the ground in 2023.

He is an exciting male and I am excited about what he will produce.

Prizes Won:
