Description:

Isocrates is one of the very few sires who can be directly traced back to the Accoyo herd of Don Julio Bareda with no outside blood being added.

He is a medium sized strong boned boy with the most exquisite accoyo head style.

He has a broader crimp style but great density.

We adore his temperament, we can do anything with him. His son appears to be following this trait too.

Pure white in colour with good coverage.
