### Description:

Dash is a truly handsome dark brown male with a quite unique pedigree and one of the last direct offspring from the amazing Snowmass Bronze Royalty to bear the prestigious Artwork herd name. Bronze Royalty is a multi-champion both in the US and UK. Sadly no longer with us. Bronze Royalty was imported in 2017 with Snowmass Velvet Voyager (fawn) and Snowmass Mystic Star (brown) by Ken Freivokh, Artwork Alpacas. The progeny of those three males are winning championships and all three males have won BAS National Progeny Sire in their respective dark or light category.

Behind Bronze Royalty, we find the famous black Sire Snowmass Matrix Midnight, and on the Dam's side the amazing true black champion Snowmass Royal Malaika... a truly magical combination of elite black genetics. Bronze Royalty's progeny consistently have ultrafine micron, low sd and comfort factors extending over his entire fleece. His fleeces stats can be read, the handle can only be felt to be appreciated.

NO OUTSIDE MATINGS AVAILABLE UNTIL 2025
