Description:

We bought On the Rocks from Beck Brow Alpacas in 2022. On the Rocks has a very dense fleece and is very colour consistent as well as bright and soft handling and carries these qualities into the extremities well. The change of only one micron between his first and second fleece stats is exceptional for a black male.

On the Rocks sire is Beck Brow On the Money who is a multiple Championship winning herd sire. His dam is Beck Brow Cloud 9 who herself is a Championship winning female.

On the Rocks worked for the first time in 2022 and we are super excited to see his first cria – due in 2023
