Attributes

Fowberry Nobility is an unbeaten Fawn Male in the UK, over 137 other fawn males in five shows, which includes three Supreme Champions. He is a Top Account son from the best mid fawn female line. With a full Australian pedigree boasting Snowmass Peruvian Escobar, Jolimont Conquistador and Jolimont Commisario, Nobility has the strength and depth of genetics to excel. He has all the desirable fleece characteristics of his sire – extremely fine and dense with

character to staple ends; a finely bundling fleece displaying exceptional brightness. Depth of colour comes from his Grand dam with his dam also being mid fawn. Like his female line, Nobility is neat-framed and well put together and has a confident presence. His cria are winning Champions and Reserve Champions at major shows including the 2017 National Supreme Champion Huacaya.
