(taken on March 17 2020 at 4 Years and 9 Months of age)

Fibre Testing Authority: Art of Fibre

Description:

Outlaw is a striking male, he stands squarely on an incredibly solid frame. His fleece is extremely lustrous and silky soft and exhibits excellent density displayed through its solidity of lock and layers and layers of fleece. On his sire's side you can see the layering of genetics that we have built over the years to achieve the quality we were looking for with Outlaw.

His dam Madelena who an exceptional female is now retired on our farm at the great age of 22. Her fleece has always struck me each year at shearing with incredible lustre and solidity of lock for her age. Her 22nd fleece was no different this year!

We are thrilled with Outlaws progeny and can see great leaps in progress with him in our suri breeding program and they are all peas in a pod carrying his positive traits forward.
