Fibertesting firma: Art of Fibre

Beskrivelse:

Spring Farm Caesar is an impressive young male with a striking stature. Bred at two years old his first crias are due in 2025. He is broad across the chest and with a strong frame and good coverage. Caesar has a dense, uniform and fine fleece with a low standard deviation at second shearing. With a pedigree to match this stylish male, we are confidently looking forward to his first progeny.

His sire is Redens Agamemnon - and to date, Caesar remains Agamemnon's only grey son. Agamemnon is an exceptional son of Surtierra Shadow who has himself had significant success in the Show ring. Agamemnon achieved Champion or Reserve Champion black huacaya in every halter or fleece show in which he was entered.

Caesar's dam, Spring Farm Vivien, is a Cedar House Long John granddaughter. She has produced another knockout grey cria in 2024 to Beck Brow on the Rocks.
