Description:

Spring Farm Prince Caspian has the mighty Macgyver's Aslan as his sire. Aslan was one of only 2 Macgyver sons to ever be imported into the UK.

Prince Caspian has impeccable lineage boasting Bruxo, Ganador and Torbio in his pedigree.

He is a well balanced male with a striking suri phenotype. His fleece carries the layering, testament to his density. Prince Caspian's fleece has superb lustre, luxuriant handle and displays great uniformity within and across his fleece. Rising 3 years of age in 2025 he has an appetite to get started on his breeding career!

His Show successes speak for themselves.
