Date of Birth: 24th June 2022

Description:

Amberly One For The Road is an exceptional young macho who has earned an outstanding reputation on the British and Irish show circuits, achieving a color championship at every show he has entered.

Sired by Beck Brow Bees Knees and out of Popham Tequila, Amberly One For The Road boasts an illustrious pedigree that includes some of the most influential names in the alpaca industry: Accoyo Remarque, Shanbrooke Accoyo Tulaco, Patagonia Celtic Triumph and Benleigh Bellissimo, to name a few.

This male is perfectly proportioned, with a strong, compact frame and an ideal head type. He carries a remarkably heavy fleece with excellent length and an advanced crimp style that extends from his head to his legs and underbelly. Bright, dense and luxuriously soft to the touch, his fleece exhibits minimal guard hair—a level of quality often associated with the finest lighter coloured alpacas. With these exceptional traits, One For The Road epitomises the pinnacle of breeding excellence.

Amberly One For The Road is typically reserved for 'in-house' use. However, a single mating is being offered exclusively through the BAS Stud Auction. Additionally, females confirmed pregnant by One For The Road may be available for purchase directly from our farm.

We await Futuregen colour testing results for this male.
