Dam: Cedar House Sun kiss

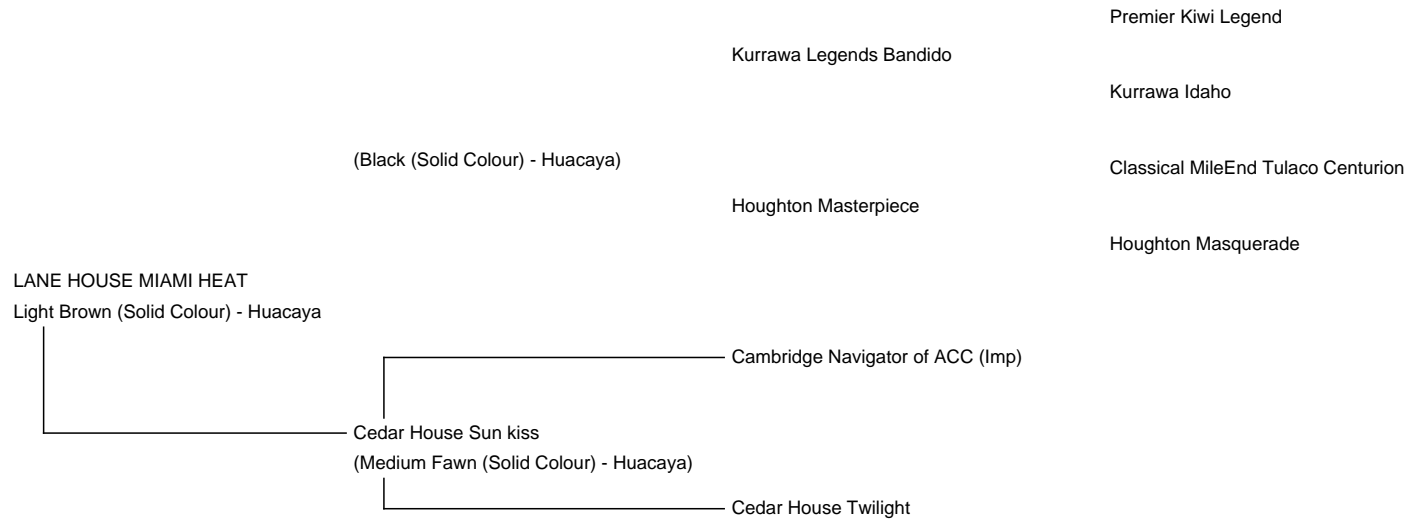

Breed Type: Huacaya

Colour: Light Brown (Solid Colour)

Registered With: BNBAS15969

Blood Lineage: Kurrawa

Date of Birth: 15th July 2022

Description:

LANE HOUSE MIAMI HEAT - Solid Light Brown
Miami Heat joined Applegarth Alpacas' Stud Academy in Summer 2024, as an unproven 2-year-old male, hand-selected on the show circuit after his championship win in 2023. His exceptional density, coupled with his dark colour potential from his true black sire Lane House Stormzy, Miami, has the potential to vastly improve our dark colour breeding programme. Miami will be working for the first time in 2025.

EXCEPTIONAL FLEECE DENSITY
Miami is a stunning true to type light brown male. His fleece is exceptionally dense, superfine with impressive staple length and uniformity of micron. He has great fleece coverage with a nice short muzzle and true to type head style.

EXCELLENT GENETICS
He carries exciting genetics from Kurrawa Legends Bandido (also standing at Applegarth Alpacas) and EP Cambridge Navigator. With Lane House Stormzy (true black) as his sire he has some fantastic dark colour potential.

Sire: Lane House Stormzy (True Black)
Dam: Cedar House Sunkiss (Mid Fawn)

DOB: 15/07/2022

**Prizes Won:**

SHOW RESULTS
