Description:

Inca Magnitude is a truly exceptional stud male, now available for external stud services. With outstanding conformation, excellent substance of bone, and a calm, confident temperament, he brings genuine value to any breeding program.

Inca Magnitude has already proven his genetics by producing top-quality cria, many of which have gone on to win first place at various shows. His progeny consistently inherit his strong frame, well-balanced structure, and fleece traits.

His fleece remains remarkably fine and dense for his age, with excellent uniformity across the blanket and into the extremities—traits highly sought after in elite alpaca breeding.

If you are looking to improve the quality and consistency of your herd, Inca Magnitude offers the genetics, performance, and proven results to help you achieve it..
