## Attributes

Acton Hill Flash Forward is a substantial male who perfectly demonstrates AHL's Breed Style, Flash is a well balanced male with a highly desirable phenotype and pleasing head style. He carries an advanced micro-stapling fleece style which is very bright and highly organised giving all the indications of a high degree of uniformity and density. His exceptional fleece is extremely fine & uniform in micron. Not only does he carry an extremely long staple length his highly organised fleece breaks down in to micro staples which carry in to his extremities.

Flash Forward was entered in to the 2024-2025 UK show seasons collecting 12 Championship sashes.

He follows a long line of Supreme Champions in his pedigree with an impressive show record. Flash was awarded National Fawn Champion Male as a Junior & he has followed this up with further Championships along with Best of British & Supreme Championships as he has moved through the age groups.

He is a standout male who has grown in to a macho like his sire National Supreme Champion Fowberry Constantine, his grand sire Multiple Supreme Champion Fowberry Nobility and his great grand sire Multiple Supreme Champion EPC Top Account of Fowberry.

Flash Forward's exceptional pedigree isn't limited to his sire, his dam Houghton Tinkerbelle is one of the Elite females at AHL who was selected to pair with Constantine. This impressive Cambridge Navigator daughter has proven to be an ideal match.

Flash Forward is available to view at AHL where he runs with his sire & grandsire in the elite breeding male group. His dam is also available to view along other members of the same bloodline.

Flash also has a very relaxed temperament and as one BAS judge explained when awarding him a championship there is no such thing as the perfect alpaca but this male comes very close to it.

Acton Hill Flash Forward has females pregnant for birthing 2026 whilst he is currently in-house for the AHL Family there are pregnant females who could be available to release on request.
