Breed Type: Huacaya

Colour: Light Brown (Solid Colour)

Registered With: British Alpaca Society BNBAS17277

Blood Lineage: Australian

Date of Birth: 21st May 2023

Description:

TOFT MANTOVANI is a well grown well proportioned exceptional young male with excellent conformation on. very strong well balanced frame exhibiting a very uniform, very consistent fleece, right out to his extremities with a very soft handle. He is now proven and his first offspring will be on the ground at Toft in 2026

TOFT MANTOVANI'S sire is a Champion Male HERTS Big Bopper and his dam is TOFT Macha a Solid Mid Brown daughter of TOFT Taipan whose father was the Legendary LAVENDER PARK Tulley who sired numerous Champions and Showwinners throughout the UK.

On his dam's side he carries the the toft selected breedings of the past reaching back five generations to the exceptional genetics of our original coloured male TOFT Skywalker who we selected in Peru from over 300 alpacas at the start of our adventure into elite coloured alpacas over 25 years ago.

TOFT MANTOVANI represents 5 generations of selective breeding for colour at TOFT and we offer him for sale only because he is related to much of our herd and therefore will have a limited use at Toft Alpacas - which would be a very 'poor do' for such a good looking young male with real potential who could add a lot of depth to a different coloured herd.

TOFT MANOVANI has already made an impression in the show ring in his first year his first fleece having achieved

first in his class and the ribbon for Champion Brown Huacaya at the Heart of England Autumm Fleece show 2024

TOFT MANTOVANI is an impressive proven young male with real genetic potential worth serious consideration. His first cria will be born in 2026.

Prizes Won:
