(taken on 20th April 2024 at 1 Year and 10 Months of age)

Description:

TOFT STEVIE is a well grown well proportioned young male with excellent conformation exhibiting a uniform, dense, very consistent fleece right out to his extremities with a very soft handle and very impressive staple length.

TOFT STEVIE'S sire is our solid Dark Fawn Champion HERTS Big Bopper who has made a major contribution to our selective breeding here at TOFT over the past few years, adding frame, fineness, consistency, density, colour and exceptional staple length to our very fine females. The way Stevie has matured one can see that he is carrying all the positive traits of his lineage and we have no doubt he will make a major contribution to another herd's breeding program.

TOFT STEVIE'S Dam is TOFT SARNAI a solid bay black daughter of our Champion Male TOFT Timogen whose lineage speaks for itself and whose offspring are busy picking up rosettes and ribbons throughout the UK and Europe.

TOFT STEVIE has an excellent show record. Fourth in his class in the BAS National Show in 2023, 3rd in class at the Heart of England Alpaca Fiesta- two of the most competitive shows in Europe. First in his class at the Heart of England

Autumn fleece show in 2024. As he has matured Stevie is maintaining all his positive traits evidenced clearly by him achieving first in his Adult class at the Heart of England Alpaca Fiesta 2025

TOFT STEVIE is now a mature male with real potential who is now showing a keen interest in creating a family of his own. We do not put our males up for sale as studs unless we are very confident that they can make an impressive contribution to those breeders of fine coloured quality alpacas. Stevie is a prime example of a young stud male with real potential well worth your consideration who will be ready to make his contribution to your herd in 2026.
