Description:

Maniatoto is an exceptional male imported from New Zealand, his progeny have stormed the UK Show environment stealing 50+ Championship titles.

This boy has the exceptional fleece traits of his Sire Thistledown Oscuro who has sired the BAS National Fawn Champion. In addition Maniatoto brings incredible density, improving even the most average female.

Maniatoto has a double shot of Zanzibar in his genetics. Zanzibar is a multiple show-winning male sired by ILRNGG Ferrari. He offers Accoyo genetics and like his Sire continues to improve the uniformity of micron and exquisite handle in our herd. Zanzibar had excellent lustre from the day he hit the ground and carries the beautiful fawn coloured fleece of his famous grandsire Accoyo Uribe (Duranzo)

Thistledown Maniatoto is not available for outside matings in 2026 but we do have females available who are pregnant to him
